Re: 1977 September Convention

Dear Mr. Meadows:

On behalf of the San Francisco Hilton and Tower I would like to take this opportunity to introduce myself as the Sales Representative who would be working not only with yourself, but with your fine organization, should you decide to hold the 1977 convention of the National Gymanfa Ganu Association here on the West Coast. At this time I would like to extend to you a most cordial invitation to convene in San Francisco and in particular at the San Francisco Hilton and Tower.

Some of the outstanding features offered to your delegates would be the largest convention facility on the West Coast comprising 60,000 square feet of public meeting and exhibit space, audio-visual equipment, and a staff expertly trained to fulfill the individual requirements of large and small groups. We also feature luxurious ballrooms and banquet rooms and provide ample sleeping accommodations thus meeting all your needs under one roof and eliminating the necessity of transportation to and from an auditorium.

For your members who will be driving to and during the convention we offer free parking on seven drive-up levels within the main building for registered overnight guests. An added convenience is that the hotel is immediately adjacent to the downtown airlines terminal.

One block from The Hilton our guests ride the historic cable cars to old Chinatown and the colorful sights of Fisherman's Wharf. They also experience a heart-of-the-city location within easy walking distance of the principal shopping, restaurant and theater district and the many cultural and recreational attractions which have established San Francisco as 'Everybody's Favorite City'.

Mr. Jack Meadows  
Natl. Gymanfa Ganu Assn.

Page 2  
3 September 1973

A few steps across the lobby guests ride high-speed elevators which take them to the fortysixth floor and Henri's Room At The Top offering a panoramic view of our exciting city. On the sixteenth floor they enjoy a beautiful garden and heated swimming pool, the only one of its kind in San Francisco.

Enclosed for your convenience is our latest brochure describing in detail the excellent meeting and convention facilities available here at the San Francisco Hilton and Tower. I am also enclosing my card so as to be of personal assistance to your office in researching space or date availability for any of your future needs.

To sum up, Mr. Meadows we believe that your convention at the San Francisco Hilton and Tower could result in the most successful and memorable in your experience, for notwithstanding the fact that this is the city's largest hotel it yet preserves the intimate concern for hospitality of the traditional hostelry.

This letter has of necessity only sketched a general outline and I will be more than happy to go into extensive detail at your earliest convenience.

Also, if it is at all possible, I would appreciate it if you would advise me as to possible dates for any of your future meetings, so that I might be able to protect the appropriate space in the event that your organization does indeed decide to meet in San Francisco.

At this time I would also like to know if you have any local contacts I should be working with and what additional steps, if any, are necessary in extending a local invitation.

Again thank you very much for your time and consideration, and I will look forward to your reply.

With best personal regards,

Sincerely,

Steve Pinetti

Good morning, Mr. Meadows:

As you know from our previous correspondence, the Valley of the Sun -- Phoenix area -- is extremely interested in hosting a future meeting of the National Gymanfa Ganu Association.

We are aware that you are constantly being contacted regarding your future convention sites and dates: however, we certainly would appreciate your bringing us up to date on your selected sites.

Also could you advise us whether or not your organization would consider the Phoenix area for one of your future meetings. Your answer would enable us to mark our files accordingly, and should Phoenix not come under consideration, this then would alleviate any unnecessary future correspondence.

We know that your organization would enjoy convening in the Valley of the Sun and urge your serious consideration. I remain,
