

Oct. 18th 1983.

Dear Nelson,

This a.m. I spoke to Norman re my date of flying to Wales - Oct. 29th. Yesterday I received the minutes from Emmaline. I just made a scan of them yesterday - today I really read them; there are a couple of minor differences from the notes I made, other wise they are very good.

I thought you should have my address in Wales. I'm returning because my sister has now had some serious surgery. I've no idea when I'll return. I'm hoping it will be the end of January. I have a flexible return ticket - that makes things easier regarding return dates. Here's the address:-

39 Pentrepoeth Rd,
Llanelli, Dyfed, S. Wales,
GREAT BRITAIN. SA15 4HL.

I'm writing to Emmaline tonight and asking her to send some 1984 Gynmawr Stationery to my Llanelli

address. I don't know if you are doing
the Stationery or the Postland Committee.
We had Jack run off ours - because
it was so much cheaper than having
it sent here - we even had a P.O. Box
in Blaine just over the U.S.A. border. I
use to drive down every week to pick
up the mail. Would you send me
the 1983-84 list of Officers & Board
of Trustees - addresses & phone #^{Stationery} to
my Lianelli address. Thought the
"Drych" & "Hirnan" did a wonderful
coverage of the Wilkes Barre Gymnastics.
There will never be a repeat of Wilkes
Barre unless we go back to Wilkes Barre.
These things are going well -
re-sorting out the secretary's
books etc. Shall look forward to hearing from you.
My very best wishes to
you both,
Coflan, Gwynnydd.

Dear Nelson,

Your letter arrived yesterday
it took 10 days - that's a record. Dick
& Emmaline's letter took 16 days to
reach me from Portland 150 miles away.
Crazy mail.

I rang Norman as he'd never
get my letter in time. Well I
see you have really started
working - not that you ever ceased
to work. Good idea to get work
done re-computer - for mailings,
etc.

Thanks for sending letter.

all the best,

Cofia, Quarrel.
