24 September 1992

Annwyl Ellis,

Thank you very much for the tape. I wasn't sure I wanted to hear it when it first came, but I screwed up my courage, and found it really wasn't so bad. I rather liked it as a matter of fact. I appreciate your thoughtfulness.

I received your letter re: membership, and have a young lady in mind for my first try. We met her in KC. She lives on the West Coast, and showed a great interest in things Welsh. I'm going to tell her how to get a phonetic book from Nelson, and will send along a membership form to her.

I have had a chance to reread your remarks at KC, and find them most interesting. I agree with your priorities, and with your suggestion to get going on them. I'm pleased that you have outlined such a program. We know that it can not all be accomplished overnight, and, indeed, may extend for several years into the future. We must start, however, and with all of us on the same wave length, we can keep your agenda going into the future if need be.

We are having some busy times at the moment. Ann's sister died after a long debilitating bout with cancer. It was not unexpected, and was actually a blessing. She lived in Oregon. Ann and I are flying out there tomorrow for her memorial service. We will come right back and be home again on Monday evening. I also just learned that one of my cousins in Washington, D.C. has a brain tumor, so it seems that we have had problems coast to coast. I do not anticipate an immediate trip to Washington, however.

I will be happy to meet with you anytime you feel it would be indicated. If the timing is right, perhaps I could drive up to Warren, and meet with you and Nelson sometime if you feel that that would be helpful. I really do want to get into the nitty-gritty workings of the Organization, and would like to help in anyway that I can. I stand ready to share any of the burden that you desire.

You know of course my telephone number: (513) 299-2691. There is an answering machine hooked to it. I do not have a FAX at home, but if you feel that it is necessary that I get

something quickly, the people at my old office will let me know if you FAX something to them. Just be sure that it is clearly identified that it is for me. That FAX # is: (513) 298-9458. (It is the Dell Park Medical Group, Inc.)

Once again, thanks for the tape. I am pleased to see you at the head of our Organization. Please know that I stand ready to help in any way possible.

Cofion gorau,

A handwritten signature in cursive script that reads "Jack". The signature is written in black ink and is positioned to the right of the typed name "Jack".

cc. Nelson L. Llewellyn

Annwyl Nelson,

Enclosed you will find a copy of the letter that I just have written to Ellis. I would have been telling you quite the same things, so I'm taking the liberty of sending you a copy.

The young lady to whom I'm writing is the one who asked me about the phonetic hymnal that I mentioned to you. Her name is:

Karen Rice  
██████████ Tim Mullen Rd.  
Kneeland, CA  
955549

> L- 9/14/92

She seemed interested in things Welsh, so I'm going to extend to her an invitation to to become a Life Member when she requests the phonetic hymnal from you.

I do not feel that we can make membership a quid pro quo of her getting a phonetic hymnal, however. I do hope that she will join.

I find that I am in need of some more membership envelopes. I have one to send to Karen, but I will need more.

I hope that both you and Betty are well. I look forward to hearing from you, and to receiving a new supply of membership envelopes.

Cofion gorau,

*Jack*

P.S. I think that Karen's address is correct. I had a bit of trouble reading her handwriting. I'll try to check on it before I send the letter to her. I think her mother lives near here in Centerville, OH. We tried to call her, but she was not at home. We'll try later.
