

December 4th 1975

Mr. Douglas C. Jones,  
████████ Bentley Avenue, #208  
Los Angeles, Calif. 90025

Dear Doug:

I am in receipt of your letter of the end of November and I am very much surprised at its contents, evidently you have not attended many annual meetings when the reports on the matters you question are presented.

When George Bundy retired the Trustees felt that the many years of faithful service he had rendered should be recognized as he had put in so many many hours through the years. However he is now in a Nursing Home and these payments have been stopped.

With reference to the printing if you look at the report only \$172.00 is our portion. Supplies are only \$32.27. Your \$60.00 for postage is ridiculous; we have to notify all life and annual members of the annual meeting and the Gymanfa by law, regardless of the mailings of the sponsoring committee. The price of the hymnal is set at the annual meeting at each new printing and the profit is substantial.

Our Boardsof Trustees have been very diligent through the years and our membership continues to increase with both life and annual members. Our W.N.G.G.A. is stronger now and better known than it has ever been.

May God's Grace be with you and the family for a full Christmas and a Good New Year.
