### SAFER STREETS.

At the January meeting of the General Purposes Committee of the U.D.C. the Surveyor reported that the Chairman of the Council and himself had met a Sub-Committee formed by the County Council to investigate the Traffic Regulations relating to Castle Street and Market Street on the 31st December 1953. On this report these two resolutions were adopted:—

That this Council object to any extension of the legal waiting area in Castle Street;

That it be recommended to the Denbighshire County Council that Market Street from its junction with Castle Street for a distance of 183 feet in a westerly direction be "No Waiting" area.

Halt signs were also considered and it was resolved:—

That the erection of "HALT" signs be approved for the western end of Market Street at its junction with the A5 Trunk road, and also in Brook Street at its junction with the A5 Trunk Road.

### LLANTYSILIO W.I.

At a very full meeting last Tuesday Mrs. Jardine welcomed new members and a visitor, and congratulated Mrs. Tom Baines now Mrs. Jarvis, on her recent marriage.

We also heard good news of Miss Lily Hughes, in hospital after a recent eye operation, and sent her messages of good wishes and affection.

Owing to an unfortunate clashing of dates our Jumble Sale will now be on March 13th at Llantysilio School. We had another appeal for materials for the mime now in rehearsal, for which Mrs. Vaughan Jones is also giving a Whist Drive on March 2nd, to raise funds; and notice of an International Conference on March 31st.

Business concluded we were introduced to our demonstrator Mr. Ratcliffe who was giving his thousandth demonstration to W.I's. on Interior Decorating. In masterly fashion we were told how to prepare a room and whitemash a ceiling, and he showed us how to paper the walls, giving much advice about materials and invaluable hints as to the right way to work; altogether a very valuable demonstration and one which should help our amateurish efforts to achieve perfection.

Mrs. Thomas and Mrs. Lee adequately voiced our thanks.

Tea and an amusing session of twenty questions, in which the scores of team and question master were even, brought us to 9 p.m., and time for the anthems and good-nights.

### IN HOSPITAL.—

It is good to be able to report that young Russell Reeves, whose serious injuries sustained on Monday, Feb. 15 caused concern to the whole town, is making progress.

We are very glad to hear favourable reports also of Dr. Benjamin and Mr. Walker, both of whom have been some weeks in hospital, and whose presence is greatly missed.

## LLANGOLLEN CRICKET CLUB

Dinner.— 1954.

Over 50 guests assembled in the Royal Hotel for this Annual Event, with Mr. Emrys Roberts in the chair.

This year they were delighted to welcome Mr. F. S. Eden, Captain of the Denbighshire County Cricket Club, as their guest of honour. In responding to the Toast to the guests proposed by Mr. Rawles, Mr. Eden brought out many valuable points— prompt starting of matches, etiquette on and off the field and sportsmanship. He emphasised the value of coaching and particularly of encouraging the youngster who was keen— even if not so good. Mr. Eden delighted the company with many amusing anecdotes of his cricketing adventures.

Earlier Mr. Eric Wyse gave a vivid description of the Club's heyday in the early 30's under the Captaincy of Mr. S. C. Richards (now our President), particularly 1933 during which the Club lost but one game— against Oswestry— and won the McAlpine Cup for the first time as a result of the bowling of the late Tudor Roberts and Bert Ironmonger. He remembered Wrexham being dismissed for 3, as the highlight of that season.

Responding on behalf of the Club Mr. Scott Archer briefly summarised the season of 1953— in which Arthur Davies & Denzil Hughes headed the batting & bowling averages respectively and paid tribute to the very hard work of the ladies' committee under Mrs. Phyllis Evans in preparing teas. As a target for 1954 the secretary pointed to the year 1933 and to the Guests & Members present who had played then— Mr. Emrys Roberts the wicket-keeper, Mr. Cunliffe and Mr. Wyse— and set the Club the aim of emulating their achievements.

The Guests adjourned to the Assembly Room for a very entertaining ninety minutes of songs from Ernest Davies and Conjuring and Ventriloquism by "Humo".

## NOTES FROM GENERAL

### PURPOSE COMMITTEE, FEB. 16

In a long meeting there was evidence of great activity by the Surveyor, and he was authorised to provide in his estimates for necessary repairs to various town properties. Mr. Fenton also gave details about the rival merits and costs of gas and oil-fired heating apparatus for the Town Hall, and it was resolved to recommend that new equipment to burn solid fuel should be installed. Attention was drawn to the forthcoming extensive laying of new gas mains, and it was resolved to urge the responsible authorities to expedite the work so as to avoid disruption during the holiday season and especially at the time of the International Eisteddfod. No objection having been raised to the revised terms for the appropriation of the Hermitage ground, the fresh form of application to the Ministry was approved.

Disappointment was expressed over correspondence between Wrex-

ham R.D.C. and the War Office regarding week-end use of the Abbey rifle range and consequent interference with the use of neighbouring paths by local inhabitants and visitors. Though it appears that little or nothing can be done, another approach is to be made to the R.D.C.

## ANGLING ASSOCIATION.—

A very good report was presented at the annual meeting on Wednesday last, and Mr. H. Glynne Jones congratulated all concerned. Special reference was made to the voluminous amount of work done by the secretary and to the diligence of Mr. P. Evans and his assistant bailiffs. An honorarium was voted to Mr. A. H. Hughes, and a sliding scale of commission on results obtained by the bailiffs was instituted. The work done by the grounds committee in clearing the river banks and so improving access also was praised.

Membership and income had increased; and after paying the annual instalment on the additional stretch of water recently acquired and meeting all other expenses, the accounts showed a bank balance bigger than a year ago.

It was decided to continue membership of the Anglers' Co-operative Association, which this Association joined last year; also to support the Upper Dee Federation of Anglers in objecting to proposed increases on rod licence fees in the area.

Further restocking is to be undertaken very soon, when 2,500 brown trout fry and 1,000 yearling will be put in the Association's water.

Those elected to office were:—  
*President:* Mr. Duncan Robertson;  
*Chairman:* Mr. H. Glynne Jones;

*Assistant Secretary:* Mr. A. Broadhurst; *Bailiffs:* Mr. P. Evans (head), Messrs. C. Roberts, G. Maybury, E. Young, H. Jones, T. Blythe and B. Roberts; *Executive Committee:* Messrs. Carr, Maybury, Rogers, Young, Lowndes, J. Jones, H. Jones, A. Roberts, E. Hughes and B. Roberts; *Grounds Commit-*

### MOTHERS' UNION.

On Tuesday, Feb. 16th, the speaker at the Mothers' Union meeting of St. Collen's Church was the Rev. E. A. Owen, B.D., Diocesan Secretary of the Church Missionary Society. He gave a very interesting and illuminating talk on the situation in Asia and Africa today, and dealt in a helpful way with some of the problems confronting Christianity in those continents. A number of excellent films (talkies) were shown, which brought home the message very effectively.

Mr. Owen was introduced by the Vicar, who referred to the importance of the speaker's task. A good collection was taken for the C.M.S. Tea was provided by members on Mrs. Downham's district, and the Rev. J. W. Worthington thanked the speaker on behalf of the members.

### THE RIFLE RANGE AND THE FOOTPATHS.

Reservation of the rights of the general public in footpaths is a matter of acknowledged importance, and is a matter of acknowledged importance, and Mr. George Richards brought to the notice of the Llangollen Rural Parish Council, the dangers existing on the footpath to and from Abbey Cottage at the end of the Abbey Rifle Range. The delightful path through the birch wood from Brynhyfryd past the rifle range to join the road way to Eglwyseg, in parts, comes within firing range. There are notice boards erected, but it was felt that this was not enough. In the past a look-out man was stationed in the vicinity of the notice board, to give due warning to pedestrians, and the Parish Council decided to ask the War Department to revive and continue this practice.

### ATOMIC POWER FOR ELECTRICITY.—

According to Professor F. E. Simon, of Oxford University, Great Britain may soon be exporting nuclear power stations worth thous-

ands of millions of pounds, and this may well put an end to our present economic troubles. He indicated that we have a start of at least 10 years over most other countries, and that "recent developments in the United States were not conducive to their retaining nuclear leadership."

This view is given some support in an official booklet "Britain's Atomic Factories" which has just been issued by the Stationery Office. It describes how due to British brains we have caught up on the impressive lead which America established during and after the war.

At Capenhurst in Cheshire the big factory was planned and built for separating out Uranium 235, which makes possible the release of atomic energy.

The proud boast is made that ever since the war the construction of these giant atomic factories has never been more than 3 or 4 weeks behind schedule.

At Calder Hall, Cumberland, our first atomic generating station is being built, a plant which will ultimately produce about as much electricity a year as 20 million tons of coal, and at around about the same cost as coal-generating current.

With the demand for electricity rising at a much greater pace than the increase in coal production, an awkward gap has been looming on the horizon between demand and supply. It is believed that nuclear power will fill this gap and that the enormous capital cost of atomic power stations will be offset by our exports in this type of plant.

---

### THANKS.—

---

Mrs. Slade & family wish to thank friends and neighbours for their sympathy in their sudden bereavement, and especially Mrs. Bennett for her practical kindness; also the many friends who sent letters of condolence and floral tributes.

Beech Cottage,  
and

## PARLIAMENT FOR WALES.—

The well reasoned speeches at last Friday night's meeting to explain the object of the national petition for a Welsh parliament provided the audience with an intellectual treat, which will long be remembered.

Prof. Hywel Lewis of Bangor, united the cultural and political in his analysis of the present situation which, in his view required the corrective of a Parliament for the principality. Although national culture could persist without them, political forms could most certainly help or hinder.

He wondered whether we in this country really appreciate the freedom we possessed. We were free to speak or write whatever opinions we held without the least fear of secret police or a warning knock on our door.

Our main bulwark for a freedom more perfect than that of any other country was the parliamentary system allied to an independent judiciary. But now this freedom was being attacked, not from without but from within. The work of the Parliament of Westminster had become so enormous and so complicated that it was quite impossible for the measures before it to be adequately discussed, or for individual points to be pressed forward as they should be, if the ordinary citizen was to retain the freedom he had so long enjoyed under the mother Parliaments.

Prof. Lewis was followed by Mr. Sidney Herbert and Dr. Glyn Tegai Hughes and their speeches will be fully reported in next week's issue.

Alderman Cyril O. Jones presided with his usual skill and bonhomie, and appealed for a working committee to be set up in Llangollen to further the objects of the proposed petition. We understand that the two gentlemen who kindly organised the meeting for the national organisers, will take steps to convene a committee representative of all political parties.

**THE LATE MR. JOHN READ.—**

Mr. J. Read whose death is announced in another column had lived in Llangollen for nineteen years. Though a native of Denbighshire he had spent the twenty previous years in North America in places as far apart as Canada and St. Louis. A plasterer by trade, he had since his retirement made rose-growing his hobby-producing a large variety of beautiful blooms.

Although he was of so retiring a disposition he had made many friends, for he at once won the esteem of all who knew him.

He is survived by his widow and daughter, Miss Louise Read. The funeral was at St. John's on Tuesday, February 16th, when the Rev. J. Alun Thomas M.A., officiated. The only family mourners were Mrs. Read & Miss Read; but a number of friends attended the service and some very beautiful flowers were sent, which were greatly appreciated.

**N.F.U.**

News of the sudden death that day of Mr. R. M. Davies, Llyn Farm, a former chairman of the branch, was received at the monthly meeting opened on Friday, and the company rose in silence. Sympathy was conveyed to another prominent member, Mr. O. A. Walker, Dinrben Isa, who is receiving hospital treatment at Wrexham.

Details were studied of the mole-trapping scheme successfully operating at Malpas. It was felt it would be very difficult and too expensive to adopt the same method in the type of country around Llangollen, and the matter was left on the table.

Representatives were chosen to meet the 'butchers' organisation to discuss the proposal to establish a Fat Stock Marketing Board.

If enough support is assured, an attempt to revive the Field Competition will be made this year. Circulars will be sent to members, and Mr. H. Bailey's offer to supply these was gratefully accepted.

**KING GEORGE VI NATIONAL MEMORIAL FUND.**

**DEATH.—**

READ.— On February 13, 1954, at his home, Dinbren Lodge, aged 72, John, beloved husband of Ellen Read.

**ARTS CLUB.—**

The secretary welcomed more than twenty members of Grove Park Amateur Dramatic Society to the club on Wednesday last, and it was fully two hours later when Mrs. Pierce and Miss Teare voiced the thanks of an appreciative audience for some excellent renderings of excerpts from Shakespeare. The producer's object of showing distinct aspects of the plays— love, comedy, tragedy and so on— was well accomplished. Before their return to Wrexham the players were entertained to supper by the club.

### BOB-A-JOB.

APRIL 19—24.

For 51 weeks of the year a Scout is expected to do at least one Good Turn every day.

Only during Bob-a-job week does he ask for payment for Services rendered and then he works hard to earn money to help finance the Scout Movement both locally and nationally.

Bob-a-job week this year is April 19th to 24th and once again in common with the rest of the Country, Scouts and Cubs of the 1st Llangollen-Troop are appealing to the Public, particularly Housewives, to support this effort by giving them jobs to do. It is important that the money is earned; The Jobs should of course be within the capabilities of the individual boys and payment should be commensurate with the work done.

The Job-card carried by the Scout or Cub is his authority to call. Space is provided for the Householder to record the nature of the job done and the amount paid.

Public response to the five previous Bob-a-job week was magnificent. The half million members of the Scout Movement in this Country are confident that this year's appeal for Jobs will again not be in vain.

Thank you Llangollen for your past support and may we hope that this will continue.

Contact for jobs to be done can be made at Llangollen 3271 or by a note to the Scout Hut where someone will be there in attendance during the week.

Yours Faithfully,

Basil G. Cooke.

### A SATISFACTORY ENDING.

A General Committee of the Llan-urban Welcome Home and Commemoration Fund was held on March 29th, Councillor T. F. Walther Chairman U.D.C., presiding, to consider the future functioning of the Committee.

The Hon. Secretary (Mr. E. Ellis Roberts) submitted a composite statement of the accounts of the Fund to the 30th June, 1953, which disclosed a gross revenue from all sources of £3,547. 2s. 4d. The amount expended on Commemoration was £982. 4s. 3d. and for distribution to the returning service personnel and the relatives of the fallen £2,412. After payment of other sundry expenses an amount of £107. 6s. 9d. remained in hand.

After receiving observations from

the members present on matters relative to the Memorial site, it was decided to disband the Committee and to vest the balance in the joint names of the Chairman and Clerk for the time being of the Llangollen Urban District Council for the future maintenance of the Memorial site.

It was reported that subject to the consent of the Charity Commissioners the balance remaining £13. 14. 3 in the Troops Comfort Fund would be transferred to the Commemoration Fund.

The Chairman expressed the sincere thanks of the Committee to the work carried out by Mr. E. Lovatt in the planning of the site and the supervision of the works to completion. Thanks were also expressed to Mr. E. Ellis Roberts who had carried out the secretarial duties since the inception of the Fund in 1944. Other members of the Committee supported the Chairman in his remarks.

Mr. T. J. Owen thanked the Committee and the Troops Comforts Fund for all that had been done by both Committees for the ex-service men and women of the Town and particularly the commemoration to their fallen comrades.

The meeting terminated with a vote of thanks to the Chairman.

## CHAMBER OF TRADE.—

At Christmas and New Year Season there were many complaints from housewives about uncertainty of shopping hours. Go down one day the butcher would be open and the grocer closed. Another day you could buy a box of tinctacks but not a card of darning wool! But for Easter, the Chamber of Trade is distributing printed notices on which shopkeepers can fill in their days and times of opening & closing. This should help, but will need memorising if there are many variations!

At the recent meeting of the Executive Committee reference was made to the following matters of general interest: The time of delivery of parcel post, which was said to be much behind scheduled hour; the need for stamp-vending machines to be available in the town centre; the extremely slow delivery of goods carried by British Road Services; the need to have the principal streets cleaned at an earlier hour during the holiday season; the provision of bi-lingual signs for street names and other public notices. In all these cases, representations to the appropriate authorities are being made by the Chamber. It was also resolved officially to support the Inland Waterways Association and the local committee in their effort to secure the preservation of the canal in a navigable condition.

The colourful window plaques notifying membership of the Chamber are displayed in many shop-windows and should help to recruit more traders for this useful movement.

## FARMERS DISCUSSION GROUP.

Capt. Watkin Jones, N.D.P., the N.A.A.S. Poultry Advisory Officer told local farmers at the Britannia Inn that poultry must be managed with greater efficiency to prove a paying proposition in future.

A hen must lay 12 dozen eggs to pay for her cost and food before she starts showing a profit. Poultry keepers were advised to pay partic-

ular attention to cost of meal and in many cases by Co-operation meal could be bought in bigger quantities at a considerable saving.

Mr. D. T. Jones, Rhysgog was Chairman and a vote of thanks was proposed by Mr. Leslie Sands, Tyn-dwr Farm and seconded by Mr. R. H. B. Lewis, Plas Eglwyseg.

The meeting was organised by Mr. D. J. Thomas, N.A.A.S, District Advisory Officer.

### PARLIAMENT FOR WALES.—

Mr. Elwyn Roberts, the national organiser of the Campaign came to Llangollen last Thursday to a meeting convened by Mr. Gwilym Humphreys.

Attendance was certainly an improvement on that at a previous meeting called in the Town Hall Anteroom.

The Rev. Roberts Davies presided and Mr. Elwyn Roberts, all by his thorough grasp of essentials and lucid explanation of what the Petition stands for and the best way to set about canvassing for signatures.

He made it quite clear that the petition does NOT ask for economic separation from England, and he explained the method of Tax collection and allocation that obtains in Northern Ireland, and the way that Parliament keeps in step with legislation promoted at Westminster.

The Welsh Parliament would deal with domestic matters only:—Agriculture, Education, Forestry, Housing, Transport and industry, Administration of the law, Foreign Policy, the Armed Forces and matters pertaining to the Crown would be outside its scope and reserved for the Parliament at Westminster.

Mr. Roberts urged those present to start canvassing now and if necessary hold another Public Meeting while canvassing was in progress.

### NEWS IN HAND.—

### TWENTY CLUB.—

Box office results for their excellent play "Bonaventure" cannot have been very satisfactory, for neither on Thursday nor Saturday were the audiences comparable to those at the pre-Xmas production of "Pride & Prejudice." Yet here was a play which you could enjoy purely as melodrama, or more thoughtfully as a psychological study of the strength of innocence and the power of sympathetic religion, so well delineated, by Edna Bowen in her relations with the innocent accused, Joyce Wilkinson who gripped the audience on Saturday night, in spite of her illness two days before. Few companies can be so fortunate as the Twenty Club in having among their members a player who could do what Betty Lowe did on the Thursday—play a part, and that the chief part in the drama, which she had never rehearsed, at a few hours' notice. We did not see Thursday's performance but we hear that her interpretation was remarkable and moving.

Norah Griffiths was excellent as Mother Superior and Gwyneth Barlow had just the right touch for the cheerful, kindly sister who saw to creature comforts of convent and Hospital. A. Thompson, as the half-wit Willy Pentridge was inimitable, and his mother, the bustling house-keeper was portrayed by Maud Grainger with her usual competency. A word of special praise is due to Ann Lewis whose few words, and wonderfully controlled & controlling watchfulness made her the perfect wardress. The nurses, Mavis Pritchard and Una Attenborrow, as they often do, made good character foils for each other. Gearald Edwards succeeded in expressing personality in the restrained role of police officer Melling. Emrys Davies was no doubt a competent doctor, but murder is far from his heart and he is happier

as the Merry Monarch. Finally every word could be heard, and prompts were conspicuous by their absence.

The Stage was beautiful, largely due to Mr. Regan's artistry.

What a company! And now they are busy rehearsing for the Wrexham drama Festival. They perform "Frontier Bound" on April 28th. Second prize in their class last year. Here's to wish them first this time.

### LLANGOLLEN W.I.—

There was the usual good attendance at Welfare House on Thursday, April 1st, when the Women's Institute held their Monthly Meeting.

Mrs. Maurice Jones took the chair new members were welcomed.

Names of those intending to go to the Spring Group Meeting at Acre-fair were taken.

The speaker on this occasion was Miss Kathleen Jones A.L.C.M, of Wrexham, her subject "Plays and their Production."

"I have been asked," said Miss Jones "to be very practical tonight to caste and put into rehearsal a one Act Play, I have chosen, "The Six wives of Calais" by I de la Garde Peache." Members of the Drama Group Volunteered as pupils, and very ably indeed they were put through their paces.

They were shown how to make effective stage entrances; how to move about the stage with ease, to get their lines over to the back without apparent effort. Characterization too was stressed, especially the importance of keeping "in character."

Tea was served during the interval. The hostess being Mrs. Green, Graig-y-Don and helpers.

After the interval—The Play rehearsal was continued. So interested were those taking part, that they stayed on until nearly ten o'clock!

The hour being late the usual formal vote of thanks was dispensed with. Miss Jones was, indeed, most warmly thanked by members of the Drama Group.

Earlier in the evening, members of the Handicraft Class displayed Short-pile rugs. M.R.

### HERE & THERE.—

The Obernkirchen Children are now on Tour of Britain. Starting at Bristol on Friday, they will be in Liverpool next Tuesday (13th) and the B.M.M.S. are running a special bus to their concert there that evening. Happy wanderers all!

Seen in the streets: a fine salmon being carried from Tirdwn pool, bunches of primroses gathered in Sunday's hailstorms, thunderous traffic to and from Wednesday's Walese v Ireland match.

*Television Licences and the use  
Savings Stamps.*

As Honorary Secretary of the Llangollen Local Savings Committee I should like to call your readers' attention to a Statement made in the House of Commons on the 9th April by the Assistant Postmaster General Mr. David Gammans, M.P. advocating the use of National Savings Stamps as a means of saving for the £3 Television Licence.

He said:

"I hope that the effect of this short debate will be to make more widely known the existence of the National Savings Stamps. In these National Savings Stamps I believe we have the only effective means whereby old age pensioners and others with television sets who find some difficulty in putting the £3 down at one time may save the necessary money over the course of a year."

In this district we have a number of voluntary Street Group Secretaries who will be ready and willing to call weekly upon any old age pensioner or other persons to sell them National Savings Stamps.

If any of your readers would wish to have this facility I shall be happy

to make the necessary arrangements if they write to me at the above address.

I am,

Yours faithfully,

J. H. PIERCE,

Hon. Secretary.

Llangollen Savings Committee.

THE LATE

MRS. J. D. PRITCHARD.

We regret to record the death of Mrs. Charlotte Pritchard which occurred at her home, "Berwyn," Bethesda on May 1st. and the deepest sympathy is extended to her husband, Mr. J. D. Pritchard, formerly of Riversdale, Llangollen, to her son Dr. Rees Pritchard, and her Sister, Mrs. Williams.

Mrs. Pritchard, who was 74 years of age, was a native of Llangollen. Before her marriage she assisted the late Mr. Dakin at the jewellers Shop in Berwyn St. and her married life of 47 years was spent in Llangollen except for the nine last years when Mr. & Mrs. Pritchard moved to Bethesda where their son is in practice.

The funeral took place on Wednesday, May 5. A service was conducted at "Berwyn," Bethesda, by the Rev. R. Hughes and the Rev. Emlyn O. Jones, minister of Bethania Congregational church of which Mrs. Pritchard was as loyal

a member as she had been of Glanrafon for so many years.

The interment was at Vron Cemetery, Llangollen where the Revs. Emlyn O. Jones, S. M. Jones (Denbigh) and Ieuan S. Jones, Bethesda officiated. The Rev. G. Evans Hughes, Wroncysyllte was also present.

The mourners were: Mr. J. D. Pritchard (widower); Dr. & Mrs. Rees Pritchard (son & daughter-in-law); Mrs. Lizzie Williams (Sister), Chirk; and Mr. Williams (nephew); Mr. Evans, Newtown, representing Mrs. Evans (cousin); Mr. & Mrs. Jones, Abergele; Mrs. Daniel Pritchard, Menai Bridge; Mr. & Mrs. J. Roberts, Bangor; Mr. R. Thomas, Penræth; Mr. Samuels, Bangor; Mr. & Mrs. R. E. Williams, Llandegla; Mr. Roberts, Penystryt, Llandegla; Mr. & Mrs. S. Roberts, Mold; Mrs. Hall and Mrs. Reg Edwards, Llangollen; Mrs. Olwen Jones, Acton, Wrexham; Mrs. Hilda Jones, Cemaes Road; and Messrs. Roberts & Williams, Pwllglas.

Amongst the many friends who attended were Dr. & Mrs. Davies of Bethesda; Mrs. Meirion Mason of Caernarvon; Mrs. Alun Lettsume, Llanddona; Mr. & Mrs. Watkin Lettsume. There were also many members of Glanrafon Church including Mrs. Walter Lettsume, Mrs. Smith Jones and the Misses Lloyd, Birch Hill.

### URBAN DISTRICT COUNCIL.—

On the fourth of May four sets of Minutes were adopted without discussion. Some of the interesting items are as follows:

St. John's Ambulance Brigade to be allowed to use Nos. 11 & 13 Hall St. as a lecture & Stores rooms subject to the approval of the County Planning Authority.

Pending the stabilising of the market after the forthcoming de-control of the sale of live-stock, the Council withdrew their application to use an additional 1410 sq. yds. of the Smithfield for the parking of motor vehicles.

The Council agreed to the Llangollen Angling Association controlling Tirdwn Pool for a period of three years subject to an agreement being entered into and the Association paying legal costs.

### CAR PARK ATTENDANT.—

Six applications were considered by the General Purposes Committee, on April 20th.

E. Jones, Bryn Estyn; F. Batchelor, C/o 3 Queen St.; J. T. Edwards, 4 Pengwern; R. E. Jones, 4 Hill Street; B. Alexander, Craig View; Austin Roberts, 27a Church Street.

After Balloting twice to reduce the number to two, the final ballot resulted in 3 votes for E. Jones and 2 votes for A. Roberts.

It was then resolved that Mr. Enock Jones, Bryn Estyn, East St., Llangollen be appointed Car Park Attendant in accordance with the terms of the advertisement and of the conditions supplied to each applicant and to the necessary satisfactory Fidelity Guarantee being obtained.

**STREET LIGHTING TO BE IMPROVED.**— At the Finance Committee on April 27, the Chairman extended a welcome to Mr. A. D. Quarmby Public Lighting Superintendent of M.A.N.W.E.B. who attended to report on Public Lighting in the Urban District.

Mr. Quarmby then submitted his report on suggested improvements of Street lighting which was illustrated by reference to plans, and on the condition of the existing eq-

uipment, and promised to submit suggestions for other minor improvements and additions.

The Chairman thanked the Superintendent for the very lucid manner in which his report was presented for the consideration of the Council.

### PENTREDWR W.I.—

A Produce Guild Meeting was held on April 27th at Ty Ucha Farm, by the courtesy of Mr. & Mrs. Eddy Evans.

A talk on "Diseases of Poultry" was given by Mr. Evans of Llysfasi. The resultant questions proved the interest aroused.

Votes of thanks were expressed to Mr. Evans for his talk and to Mrs. Evans for her hospitality.

The afternoon was brought to a close with a walk around the poultry section of the Farm in brilliant sunshine. B.B.T.

### YOUTH CLUB EXHIBITION.—

The Club gave us another delightful evening on Friday last, May 7th. Those who have never attended this Annual Event don't know what they are missing! Possibly the word "exhibition" keeps them away. Perhaps they have visions of glass cases and "Do not touch" notices; whereas the programme is happily informal and full of zest and variety. As usual, the Rev. J. W. Worthington and Mr. H. Lloyd Roberts were in charge.

The boys under Mr. Russell gave a very breath-taking display of gymnastics. In his adjudication, which was read for him by Mr. Russell, Mr. Glyn Hughes, County P.T. Organiser, said there were three outstanding performances, Arthur, 161 marks; Barry, 180 and Albert Ellis, 190, winning the trophy.

In the unavoidable absence of Mrs. Reeves, Mr. Russell took charge of the Girls P.T. Competition. The seven girls in their light blue tunics did their eurythmic exercises to music. Mrs. Burgess-Shanocks adjudicated, awarding the trophy to Wendy Cuffin.

The table-tennis finalists this year were Lionel Green and D. Canderton, while the former champions, Perkins and Hughes, acted as umpires. The winner was Lionel Green.

Mr. Buckley of Monsanto Photographic Club, adjudicated the photographs submitted, and which were afterwards inspected by the audience. They included studies of Tyndwr Hall and Pengwern Mill; but the first prize went to Gwendoline Rowlands for her portrait of Eric Harold Roberts and the second also to her for the picture of Plas-Newydd at sunrise. The third went to Phillip Green for his view of The Grange.

Mrs. Pierce adjudicated the leather work. Wallets and Purses were submitted for competition—"There was not one shoddy piece of work," said Mrs. Pierce. 1st. Eileen Jones; 2nd. Phillip Green; 3rd. Eryl Davies.

She congratulated the competitors and their instructor, Mr. Harold Roberts.

Also an exhibition were the sec-

tions of a model aeroplane being made under Mr. Valelik's instruction, one of his own completed models and two lent Victor Horspool.

During the evening the girls presented three dances to the Nutcracker Suite music, viz: Chinese, Arabian and Reed Pipe. The Arabian was a solo beautifully executed by Gwyneth Thomas.

After the hilarious "Mrs. Mc Wha" the sketch previously given at Cefn, the Trophies were presented by Mr. Glyn Powell, County organiser of Clubs, and Mr. Worthington thanked everyone who had helped to make the evening such a success. He announced a service for Youth in the Parish Church on June 13.

#### OBITUARY.—

We regret to record the deaths of Mrs. Mabel Edwards (nee Nanson); of Mrs. Williams, Dee Mount; of Mrs. Sarah Ann Edwards, Geufron; and of Mr. John Davies, Penycod.

#### CRICKET.—

LLANGOLLEN v RHOS,  
SATURDAY, MAY 8th.

Rhos batted first and after losing 3 wickets for 6 runs recovered with good stands between I. Jones and B. Price; and, later, between Charles who scored 63 not out and J. Jones. They were 128 for 7 at the close. Initial disasters set Llangollen back when Thomas was run out for one and Edwards bowled by a yorker for 0. Sandiford & Evans, and then Archer & Evans, helped the score up to 61 before Evans was out L.B.W. after an excellent 31. Only N. Williams otherwise reached double figures. Llangollen once more showed that lack of experienced batsmen,— the task set them by the opposition only required a scoring rate of under 4 runs an over; but as soon as batsmen other than Evans attempted to be aggressive they were out.

In the field, once more, Llangollen were slow and undoubtedly gave many runs away. Rawles bowled well to take 4 for 28 and for the visitors Pritchard took 4 for 22. Scores: Rhos 128 for 7; Llangollen 84 for 8.

"Neither the service nor the meal could have been bettered. It was a delightful meal, well-served by a fine band of waitresses who never flagged once, although faced with the continual demand of almost one hundred and fifty happy youngsters.

Perhaps the best comment I can end with is that supplied by the youngsters themselves:

—"It was a smashing Tea!"—

## U.D.C. MEETING, AUG. 3rd.—

Coun. A. Dan Thomas presided over a meeting which was soon closed to press and public, as the chief matters were to be debated in committee.

A letter was read from Mrs. Maurice Jones accepting her appointment as a member of the Library Committee.

Minutes of the Council Meeting of July 5 and of subsequent meetings of the General Purposes, Health and Housing and Finance committees were adopted.

The chief items of interest in the G.P. Minutes have already been reported in a previous issue of the Tuesday Review.

Demolition orders are envisaged for Cil medw Cottage, No 1, Trevor Sqr., and nos 7 and 8 Mill Street. Those will be considered at a Council meeting on the 14th Sept. We give in full the resolutions re No. 1, Trevor Square.

Moved by Mr. R. T. Evans seconded by Miss Gwyneth Jones and Resolved

That the Urban District Council of Llangollen, upon consideration of the report of their Medical Officer and Sanitary Inspector, being satisfied that the house known as No. 1, Trevor Square which is occupied or is a type suitable for occupation is unfit for human habitation and is not capable at a reasonable expense of being rendered so fit, that the owners and all persons interested be given notice that the Council will, at their meeting to be held at The Council Chamber, Town Hall, Llangollen on the 14th day of September, 1954 at 7.30 p.m. in the afternoon, consider the making of a Demolition Order and will then and there be prepared to receive offers as to the future user thereof and as to carrying out such works to render the house fit for human habitation.

Similar resolutions were made regarding Cilmedw Cottage and 7 and 8 Mill St.

## Plas Newydd Museum.—

It was reported that the Sub-Committee appointed by the council had met representatives from the Public Library Committee as to the establishment of a Museum Committee and it was suggested that the terms of reference of such a Committee should be: (1) To encourage the development of plas Newydd as a Museum for the reception of local antiquities or other objects of interest; (2) To supervise the ac-

quisition, handling, arrangement and care of exhibits at Plas Newydd; (3) To arrange Loan Exhibitions as desired.

It was decided to instruct the clerk to consult with the present Curator Mr. G. M. Furley with the view to obtaining his observations thereon and to solicit his continued interest in the Museum.

## Water Supply.—

On the recommendation of the General Purposes committee it was decided to apply to the Welsh Office of the Ministry of Housing and Local Government for consent to the raising of a loan of £1,120 for water supply purposes. The money it was reported was required for the recording of flows, elimination of waste and improvement of supplies in high level areas and details submitted were— Capital contribution towards the River Board's Works at Bala £410; provision of Venturi tube and chart recorder £452. 10s; pipes, valves and excavating £100; building chamber £60; weatherproof shelter and painting £64 costs of raising loan etc. £33. 10s.

## SHEEP DOG TRIALS.—

Last Wednesday's Trials must be the eightieth in succession to be held in Llangollen, unless some years were missed; for the first trials were held in 1874. The first sheep dog trials ever organised were those held at Bala in 1873, organised by Mr. Lloyd Price of Rhiwlas who was so impressed by the work of his Scottish shepherd, James Thompson and his collies that he initiated this new rural entertainment which has attained and kept such popularity through eight decades.

It was therefore appropriate that Lt. Col. K. J. Price, the present squire of Rhiwlas, should present the trophies and prizes at the close of a most successful day; a day which was warm and sunny and dry after a wet and stormy eve, and which attracted no less than 600 car parties in a total attendance approaching 3,000.

The Society 'loses' a Cup again this year, for Mr. G. Pugh of Bagillt won the Cambrian Stakes for the third time, and therefore keeps the trophy. This position was won with his ten-year old Laddie and with his two-year old Sweep, Laddie's son, he won also the second prize. Emrys Jones, Berllan

Helyg, Tregeiriog was third and J. Jones, Trawsfynydd, who has previously won the Cambrian Stakes twice, came fourth.

In the District Stakes also, first and second place were secured by the same competitor, namely Mr. C. C. Lewis of Postfadog, who won the trophy outright two years ago. But on this occasion he shared the second place with two others, namely Mr. Emrys Jones, and Mr. Edwin Williams of Ty Coch, Llantysilio who runs his sheep as a spare time occupation on land at Coedygadfa.

The Special Stakes (working two dogs at a time) were won by Allan Jones, Llithfaen; Ivor Hadfield, Prestatyn; and R. H. Williams, St. Asaph.

The judges were Messrs. David Moodie, Ayr; Trefor Williams, Hal-kyn and Wm. Jones, Corwen.

The Secretary, Mr. E. Llewelyn Evans had the usual willing helpers in preparing and stewarding—Mr. Price Evans, for instance, was stewarding for the fiftieth year in succession—and of course, the continued interest of the Best family, which makes it possible to hold the Trials in this most picturesque settings year after year.

## THE SHEEP WHO LIKE PICNICS

Anyone who has hoped for a quiet meal in the heather at the top of the Pass knows that one must eat very quickly, otherwise the sheep will have nibbled the sandwiches with surprising speed or brushed against your shoulder to sample the cake. Arnold Wilkes in the Liverpool Echo (June 17) has it all in verse:—

The sheep of the Horseshoe Pass  
Do tire at times of grass;  
Their preference is  
For sandwiches,  
These sheep of the Horseshoe Pass.

The sheep of the Horseshoe Pass  
Save razor blades and glass,  
Will gladly munch  
A spot of lunch  
With humans in the mass.

The sheep of the Horseshoe Pass  
Digestions have, first class,  
You needn't clout  
The litter lout  
With sheep on the Horseshoe Pass.

We are indebted to the Ravenscroft ladies for showing us this cutting.

## OUR VISITORS' IMPRESSIONS.

Extracts from a letter to the Editor sent by Miss Thomas of Bethel Avenue, Tredegar: "I have just returned from a wonderful holiday in Llangollen, never having been able before to attend the International Eisteddfod. The townspeople must work hard during the year, organising such a gigantic effort to such a successful conclusion. Every one being so kind and taking a pride in helping all visitors to have a happy time. How far removed from the H bomb. Every nationality living together for a week and getting to know each other.

Thank you again, Llangollen, for a wonderful opportunity to see the world for a week."

Extracts from a letter from Erik Danfors, of the Linköping Swedish choir to his host and hostess, Mr. and Mrs. Arthur Dodd:—"I want to thank you for the wonderful time you gave us. The festival in Llangollen was like a dream—thousands of people all terribly happy and kind, a full programme, which swept you along and just took your breath away and then that beautiful scenery in and around Llangollen!

The way you Welsh people received us foreigners was something none of us had experienced before or dreamed existed. That impresion you gave us we will never forget and I can assure you that it will be an example we will all strive to attain in those parts of the world we settle in. The week in Llangollen has convinced us that goodwill between the people of this world is possible if only the will of the people is like the one you have in Llangollen. The festival or Eisteddfod as you call it, is a marvellous thing and I hope it will always exist and that its spirit will spread throughout the world."

## SHOW SUCCESS.—

At Oswestry Show last week, Mr. R. T. Evans, Llandyn Hall, gained first prize and reserve in the Welsh Cob section (mare or gelding). He also won the medal given by the Hunters Improvement and National Light Breeding Society for the best hunter mare or gelding in the saddle classes and one given by the Welsh Pony and Cob Society for the best exhibit in the Welsh pony classes.

## CRICKET.—

### Llangollen v Overton.

Monday, August 2nd.

Llangollen batted first and this time it was the turn of the other opening bat to get runs. 4 wickets were down for 42 when N. Williams was joined by E. Jones and after a quiet spell they got well on top of the Overton attack and added 79 before Williams was caught for 47. Jones went on to make 58 including 8 fours and one six. Llangollen totalled 145. In reply Overton were soon in difficulties against Rawles and Edwards—both bowling at full pace to an array of slips and gully. 8 wickets were down for 41—including some very good batsmen be it said—three to excellent catches by E. Jones (2) and N. Jones. Stubborn hitting by the Overton tail enabled them to reach 79. A Edwards took 6 f and Rawles 3 for 25—to complete his 50 wicket for the Club this season—with an average of 10.26. A Edwards match analysis for the week-end was 58 runs scored 9 wickets for 44 in the two games.

### LLANGOLLEN v BRYMBO

at Brymbo, Sat., Aug. 7th.

The start was delayed until 4.15 owing to heavy rain. Llangollen batted first on a soft wicket and after Grinley was caught behind the wickets, E. Jones and Williams were settling down to score steadily when Jones was unfortunate to put his cartilage out. N. Jones saw the total up to 17 before being caught in the deep. At 30 for 6 Eric Jones was able to come in again, but unable to attack strongly. Archer and Jones nevertheless put on another 20 before Jones was bowled by Egglestone who then proceeded to finish off the innings, after Archer was caught by Egglestone off C. H. Jones. With the wickets of Rawles and Price, total 50. Archer 14 and Jones 12 reached double figures. Roberts 3 for 19, Jones 3 for 7 and Egglestone 3 for 1 were Brymbo's most successful bowlers.

Rawles had Cliff Lloyd in his first over but the total was 43 before the next wicket fell when Husbands was brilliantly caught in the deep by Graham Owen off C. Morris. Brymbo were 82 for 3 at the close—44 not out to J. D. Cross. N. Jones had the

third wicket when he bowled Egglestone. Next week the 1st. XI are at home to Llay. The 2nd XI have no match.

### Llangollen 2nd. v Llay 2nd.

Thursday, August 5th at Llay.

Llangollen 2nd. fielded first and Llay scored 82. G. Morris taking 8 for 31. In reply Llangollen could only muster 34 D. Jones scoring 11.

### Llangollen 2nd. v Brymbo 2nd.

Sat Aug. 7th. at Llangollen.

Brymbo 2nd. batted first and amassed 145 for 6. R. Morris bowled right through to take 2 for 31 but his supporting bowlers were unable to keep the runs down. In reply only Dilley with 17, including a 6 off R. A. Lloyd was able to cope with the Brymbo attack and 2nd. XI were all out for 29.

R. G. Hughes had a field day scoring 48 not out and taking 6 for 10.

You left so suddenly,

We never said good-bye.

## NOT ENOUGH RAIN.—

No doubt readers will be surprised to read the Public Notice re Water Shortage in another column.

It seems to rain all the time and it is surprising to know that water has had to be pumped continuously for the town's use for the last fortnight. The explanation is that we have had enough rain to spoil the holidays and hinder the harvest, but never enough weight of rain to help our water supply. Amazing, but true!

**SCOUT CAMPS.—**

In spite of the unsettled weather, over 250 Scouts, Scouters and Cubs have visited Llangollen in the last 3 weeks. These Scouts are drawn from such areas as Liverpool, S.W. Cheshire Preston, Birmingham, Salford, Fairfield, Warrington, Willenhall, Chare town and Prestbury near Cheltenham.

The last mentioned were a pack of Cubs who had a "smashing" time in camp at Dinbren, under the charge of Messrs Pat and Brian Sullivan, who have both been Llangollen Scouts in their schooldays. We were pleased to welcome also Mr. Gerard Du Bois, eldest son of Mr. Robert Du Bois, late Director of Monsanto Chemicals. It was very pleasing to meet again young old faces, and they report no change in Llangollen at all.

The 1st Llangollen Troop are off to Penmaenmawr, for a week's Camp under the direction of Mr. E. V. Weekes, County Commissioner for E. Denbighshire, and S.M. P. D'Eath. May the improvement in the weather hold for them.

A visiting party of Parents and well wishers leave tomorrow, Aug. 11th for the day at Penmaenmawr, starting from H. Q. West St. at 8.30 a.m.

## U.D.C. Health and Housing

Mr. Grainger presided over this meeting on Friday last, when Dr. Kenrick Hughes gave both his monthly and annual reports.

The Annual Report had been circulated in full to all members; but Dr. Hughes spoke of some of the points—e.g.—population, and school sanitation.

There had been a fall of 36 in the population during the year. Nevertheless Llangollen was a healthy place to live in. The incidence of infectious disease was negligible, and not one child had died in infancy during the year.

Referring to the petition regarding sanitary conditions at the Junior School, Dr. Hughes said that he and the Surveyor had inspected this school and noted the unsatisfactory conditions, on July 23rd. before Mrs. Weekes's letter & the accompanying petition had been received. This was part of a survey of all the schools in the County and unfortunately, Llangollen was by no means alone in the matter of poor and insufficient lavatory and cloakroom facilities.

Questions asked of M.O.H. were 1) Whether the other schools in Llangollen had been overlooked, to which Dr. Hughes replied that both other schools had been inspected; 2) Why was there a falling off in the vaccinat-

ion of children; to which Dr. Hughes replied that now they were starting in the Clinics, there would certainly be an improvement. The immunisations position was good.

Later in the evening Mrs. Weekes's letter was read and both Couns. F. C. Ellis and T. F. Waltho spoke on it.

Mr. Waltho thought too much had been spent on gleaming tiles in new schools, and the needs of older schools neglected. The Managers had been pressing the matter for years. He trusted that the L.E.A. would allocate money for improvements in the next financial year.

Resolved to reply to Mrs. Weekes that the M.O.H. had reported on the conditions to which she called attention.

## U.D.C. General Purposes Committee

This meeting on Sept. 21 was full of interest. The surveyor's report included painting work at Pengwern and water supply for the new Caefelin boiler house which is now rising on the plot of land next to the Welfare House.

There was an application to use Ystrad as a residential hotel—which is actually its present use—but consent is necessary from the U.D.C. before the erection of a notice board can be considered by the Planning authority; the matter of entrance from the A5 (rather narrow at present) would also come before the Planning authority.

MANWEF submitted particulars of transformer poles they wished to erect, to strengthen supplies, at five different points in the urban area. These were approved for submission to the Planning authority.

A Civil Defence Committee was appointed consisting of the four chairmen of Council committees with Miss Gwyneth Jones, and the council's officials. The Clerk announced that there would be a recruiting campaign in October, to be opened by the Home Secretary's address on the B.B.C. at 9.15 p.m. on Sept. 27th. (How many of our readers heard it last night?).

Jones & Son, the auctioneers, wrote asking for permission to hold weekly live stock sales in the Smithfield. The Surveyor pointed out, however, that extra sales meant extra expense in toll collecting and in cleaning out the Smithfield. There was a discussion in which our farming councillors, Messrs R. T. Evans and J. Bailey were helpful and it was decided to grant permission up to December 31st. The question of extra cost would be kept in mind.

There was a letter from the Post Office announcing that the Sunday morning opening of the Post Office would be discontinued, as so little use was made of the facilities that it was not worth the expense: arrangements would however be made for the delivery of any telegrams received, and members of the public could send telegrams from any telephone kiosk.

It was decided to ask the postal authorities if they could open the Post

Office on Sunday mornings from Whitsuntide to the end of September.

The unusual situation arose of a Councillor addressing a letter to the Council, in that Mr. Cledwyn Roberts, in consequence of complaints made to him, wrote asking for the provision of seats and shelter in the town. In discussion it was pointed out that there were seats at the Bridge End and on the A5 at the end of Hall Street and that all seats reported missing had been replaced. It was seen, however, that this was beside the point—what shoppers complained of was the lack of seating and shelter in the centre of the town. The Surveyor threw out the very practical suggestion that the railings and privet at the Town Hall door whose sole purpose seems to be to collect windstrewn litter which is difficult to remove, should themselves be removed and a corner seat placed there. This met with general approval and it was further suggested that the seat be roofed.

The Clerk read a letter from the Council for the Preservation of Rural Wales saying they would like to hold their Annual Meeting on Nov. 19 at Llangollen.

This would be in the afternoon and Lady Megan Lloyd George would preside. They also wished to hold an Executive Committee in the morning.

Councillor A. D. Thomas welcomed the suggestion, particularly as it would be another opportunity of gaining support and publicity for the preservation of our stretch of canal. It was resolved to give every possible facility, and the use of the Council Chamber for the morning Committee.

**Plas Newydd**—Two aspects of the care of Plas Newydd came up for consideration.

The Surveyor reported that a sub-committee had met that afternoon regarding repairs needed to the kitchen used by the tenant, Mr. Broadhurst. They thought demolition was necessary and a new kitchen and scullery built.

Mr. Grainger thought the services of a consultant architect should be sought. There was a defective corridor on the first floor. They would have to see that the original fabric of the house was preserved.

Mr. Waltho agreed that patch-up job was no good. Mr. Roberts called attention to extreme dampness and woodworm in some parts,

The part that the Ministry of Works, Ancient Buildings Dept. might play was mentioned. As reported previously the Surveyor had approached them.

It was finally decided to ask them for the names of architects who might best be consulted, and in the letter to mention the name of Mr. Dewi Prys Thomas, as it was felt he would take a personal interest.

Next came the Library Committee's suggestion for the formation of a Plas Newydd Museum Committee. The Clerk read a letter from Mr. Furley welcoming the idea, and saying he would like to meet the committee at Plas Newydd if it was formed. It was resolved to write and thank Mr. Furley and to wish him a speedy recovery from his illness (Mr. Thomas having informed the meeting that Mr. Furley was in hospital at Shrewsbury). Mr. Waltho was of the opinion that the committee should be a small one and he suggested three councillors and three appointed by the Library Committee, the Surveyor and Mr. Furley. The three councillors to be the Chairman of the G.P. Committee, Miss Gwyneth Jones and Mr. Grainger.

Tenders were opened for boiler and radiator work in the Town Hall and for roofing at the Hermitage.

## If Animals could Talk

Then we would hear many unpleasant things about their treatment by human beings, Wing Commander H. Hillier (Area Organiser) told the annual meeting, at the Royal Hotel, of Llangollen Division, R.S.P. C.A. Dogs would complain of lack of exercise, proper food and companionship; cats of neglect after their amusing kittenhood was over and of being turned out to fend for themselves while owners went on holiday. Horses from the green fields of Eire would tell of much suffering when transported here for slaughter. Other livestock also would have cause to complain of their treatment, and animals made to perform unnatural tricks for humans' amusement would speak of their loss of native dignity. And now came the terrible indictment of what amounted to germ warfare against rabbits—the artificial spreading of the horrible disease myxomatosis.

The animals needed a voice to speak for them, and for a hundred and thirty years they had had the help of the R.S.P.C.A., backed by the incalculably valuable work of some two hundred trained inspectors. Some forty or fifty laws, mostly originated by the Society, now protected animals and birds. Four had been passed in the nine months of this year alone. Most valuable was the new measure that doubled maximum penalties and made it possible to deprive persistent offenders of the right to keep animals. Mercy squads organised by the Society's inspectors were combing the country and giving a humane end to thousands of myxomatosis-afflicted rabbits.

Councillor F. Waltho, who presided, said he had been pleased to hear several local farmers deploring the spreading of the rabbit disease, and he paid tribute to the unanimity shown by his own colleagues on the Urban Council when matters affecting animal welfare had come before them. Mr. Fenton, the Surveyor, he said, was particularly careful about the conditions in the Smithfield, and he recalled that the Council had forbidden the offering of animals, birds and fish as prizes in the fairs that visited the town. Cruelty, Mr. Waltho said, often arose through ignorance, and he appealed to all animal lovers to help in such cases with advice. In that way much unhappiness could be prevented.

Reports presented by Miss G. Pickering (Hon. Sec.) and Mrs. Gilbert (Hon. Treasurer) showed increased activity in the division, with much rescue work done and creditable efforts made in raising funds. Several more local traders were kindly displaying collecting boxes.

Sympathetic reference was made to the long illness of Chief Inspector Brehany, and praise was given to Inspector Jones, of Wrexham, for the excellent service he had rendered as deputy. It was due largely to the persistent efforts of Inspector Brehany that at last a cattle grid had been installed on the Horshoe Pass road, thus releasing two sheepdogs from permanent guard duty.

Upwards of five pounds was subscribed in a collection made at the meeting. This included a cheque from a member who had conceived the

idea of putting by a penny a day throughout the year.

Miss Pickering referred to the very friendly working of the officers and committee, all of whom were re-elected. They were thanked by Wing Commander Hiller and Mr. Waltho. Colonel Cobbold (Division Chairman) added more appreciative comments, then thanked the visiting speakers, and the meeting closed with tea.

### SEPTEMBER MEETING

Our September meeting in newly-decorated school, was a very pleasant evening for a pleasant subject, "The making of home-made wines." Mrs. Birtwell gave us several recipes and 'tastes' of the finished beverage. We pronounced her blackberry wine excellent, and most potent, as Mrs. Thomas and Mrs. Gaunt remarked when thanking the demonstrator.

We were sorry to hear of Miss Madoc Jones's illness, and sent her good wishes for a quick return to health.

Miss Lily Hughes has made a splendid gift to the Music and Drama sub-committee, namely, her very comprehensive box of theatrical make-up. It will be more than useful, and we are very grateful to her.

A vote was taken as to the celebration of our first birthday and it was decided to have a special tea, to which all members would contribute by bringing food to be pooled, and also by a birthday cake, at our October meeting.

We were also asked to think over the question of the merits of a party or visit to a theatre for our usual New Year jollification, also for nominations for a new committee.

Mrs. Gaunt gave further details about the Eisteddfod entries for October 9th. Lists of **intended entries** with members' own names to be sent in to her by September 25th. Entries (with nom-de-plume) for the Art and Literature to reach her by **October 2nd**. These may be left at Mrs. Norah Griffiths's house, if more convenient. Articles for competition in all other sections to be left at our usual depots by 9.30 a.m. on October 9th, Labelled with No. and class and nom-de-plume.

The tea interval was followed by a very good performance of the short

play "The Shadow Passes" by Mabel Cosntanduros; Those in the cast being Mrs. Parry, Mrs. Harrop, Mrs. Joyce, Mrs. Worthington, Mrs. Trevor Lewis and Mrs. Pritchard.

After singing the National Anthems we ended our meeting soon after 9 p.m. W.G.

### A Superb Pygmalion

While watching a Shaw play, one may well imagine that his patriarchal figure is on stage doing a superbly slick juggling act with glittering knives. Flashes from the blades fall like a brilliant firework cascade, while supplementary twinkles shoot from the performer's roguish eyes. 'Pygmalion' is like that, and it was with the utmost credit that the Arts Council's company at the Town Hall put the authentic flashes into Shaw's words and the meaningful twinkles into their movements and facial expressions.

Rosemary Webster, as Eliza, the flower-girl-cum-duchess, set a standard of acting that must have inspired her colleagues to achieve similar heights in their less exacting roles. This they did with distinction. The result was a flawless performance throughout, one of the best the Arts Council has sent us and with settings that were exceptionally good.

Anti-climax enters in the latter half of the second act, and the audience's laughter dies away as a touching scene begins to reveal consequences unforeseen in Professor Higgins's fatuous attempt to make a silk purse out of a sow's ear.

Megan Latimer, as his wise mother, who pricks the pseudo-scientific bubble, but fails to disillusion her boorish son and his impeccably genteel partner Colonel Pickering, won our full sympathy, while that highly amusing speci-

men of the 'underserving poor' Eliza's father (Alan Rolfe), deserved and received our hearty applause.

There was a full house, and one would confidently guess that everyone present thoroughly enjoyed the play. Indeed, if one ventured to question that surmise, one would expect to receive no other rejoinder than a sharp "Not 'Pygmalion' likely!"

The ancillary arrangements were efficiently carried out by our own Twenty Club Players.

## U.D.C. General Purposes Committee

Coun. F. C. Ellis in the chair and Miss Gwyneth Jones, and Messrs J. Bailey, A. D. Thomas and T. F. Waltho present, with the officials.

In the course of the Surveyor's report the following points were made: that the Council's roller might be hired out at the rate of 7/6 an hour with a minimum of four hours work, making 30/-; that complaints had been received of animals left in the Smithfield overnight and action to rectify this will be taken; that certain firms who park their vehicles regularly in the Smithfield had asked for concessions in charges. Some, for instance, use it four nights a week. Mr. Thomas thought some concession should be made as we ought to encourage firms to make use of Llangollen facilities and bring business to the town. It was decided to ask the Surveyor to suggest a scale of charges.

### Plans Submitted.

Extension of the kitchen at Plas Geraint. This was approved of and would not require consent from the Planning Authority.

Plan submitted by Mr. A. Ffoulkes Jones for a house to be erected for Mr. John Hawkes of the Headlands on land adjoining Mr. Miller Jones's house in Vron Bache. This was also approved of but Mr. Waltho raised the question of the possibility of providing for road widening in the future, before the plans were finally passed. In fact, road widening became the subject most thoroughly discussed during the evening.

In this case, the Surveyor pointed out that the building line had been placed far enough back from the road to permit of road-widening in the future; and that any brick frontage wall would be set ten feet back from the roadway. It was not possible to do anything more now.

Plans for alteration to the Grapes Hotel. It is now five years since the Licensing Magistrates asked for structural alterations to these premises, and in spite of further warnings, apart from a welcome splash of whitewash last Spring, nothing has been done. But here was a plan for a thorough clearance of the delapidated stabling, and alterations to the house, over which the councillors debated for some time. It is proposed to make an en-

trance to the stable yard from Regent street by demolishing the shop and playroom, and constructing a terrace adjoining the entrance to the yard. On the Hill St. side, the old stables are all to come down, and the present gateway widened sufficiently to allow coaches to make their exit. The boundary wall would still be where it is, and only three feet high. Naturally there was some discussion on the effect of coaches turning out into this very narrow street on which traffic is already greatly increased. The Surveyor said he was not in favour of widening the exit to the proposed 26 feet. He further suggested that the owners be approached to demolish the small part of the house which juts out on to Hill St just below the present gateway. Both Mr. Waltho and Mr. Thomas spoke of the importance of this; even two feet was a lot at this point.

The Clerk announced that the Public Inquiry has been deferred until the U.D.C. have dealt with the proposals for an alternative site for the works.

Also that the Public Meeting on Civil Defence would be held on Nov. 10th.

As to Street Collections for the ensuing year, it was recommended to follow the usual procedure.

Coun. F. C. Ellis, suggested the advisability of a Pedestrian Crossing from the Post Office to the opposite pavement. The Surveyor doubted if it would be sanctioned, and the cost of installation (£140) and maintenance would fall on the U.D.C.

There was a letter from Plaid Cymru asking for support in their efforts to have political parties, on the B.B.C. Welsh programme. In discussion, Coun. A. D. Thomas said "Would the U.D.C. refuse the use of the Town Hall to a political party simply because it was in the minority? He could imagine the outcry there would have been if such privileges had been refused to the Labour Party in its infancy. The privilege of free speech by whatever means it could be heard should be the right of all in a democracy."

Upon which it was decided to support the resolution; and the question was asked "Could it be heard now that reception of the Welsh Home Service was getting worse than ever?"

Mr. Waltho said this was a technical matter. The B.B.C. had gone carefully into the matter and it was tied up with the international arrange-

ments of lines. All the more reason, said another member, to send a protest, to strengthen the hand of the B.B.C. in their international efforts.

It was thereupon decided to add to the protests against bad reception already made by other local authorities. The vote was unanimous.

## LLANGOLLEN STILL UNBEATEN

That was the headline in the Football Page of one of last Sunday's newspapers, for the first team scored another success in a League match on Oct. 23. Llangollen 5, Johnstown 3

In conditions very difficult Llangollen ran out good winners. Toni Hughes, home on leave before going abroad, kept goal for Llangollen and played an excellent game, making two marvellous saves. Scorers were: Dilwyn Williams (2), Torrence (2), Howels (1).

Llangollen Reserves lost to Rhos A. 3-4; Rhos scoring in the last seconds of the game.

Next Saturday, Llangollen are at home to Bradley Rangers in 2nd Round Welsh Senior Cup. Kick off 2.45 p.m.

### THANKS.—

Mrs. J. Ernest Williams has now returned home from the War Memorial Hospital and wishes to thank her many friends for their visits, gifts, flowers and letters which were much appreciated. She also wishes to thank the clergy of Wrexham for their kindness. Britannia Inn, Llangollen.

## Llangollen Boy Scouts and Girl Guide News

Once again we are in the season of conkers, crackers, and chrysants. Before us lie the long dark evenings which put finis to our outdoor work. Our winter programme in the Scout Room includes tying knots of course but please do not think, as many do, that merely tying knots in string makes a good Boy Scout. He has to learn to tie bandages efficiently as well and six of our Scouts have profited by Mr. Gaunt's instruction and gained their Ambulance Badges this year. The six are, Richard Edwards, Mike Noon, Pat Dilly, Richard Weekes, Phil Green, and Keith Jones, the latter is also now Troop Leader, by the way. The examiner was Mr. Tom Roberts, of the Llangollen St. John's Ambulance Brigade. By the courtesy of Monsanto Chemicals Ltd., these same six boys received instruction in fire fighting and gained their Fire-fighting badge. So that now, if the Scout Hut goes on fire or somebody cracks his head, prompt assistance will be available, on the spot. Which all goes to show that our boys are living up to the motto "Be prepared."

A fortnight ago last Friday, a fully uniformed Llangollen Policeman came to the hut. No, we had done nothing wrong. This one was a kindly and courteous cop. He inspected the bicycles of every scout (we all have one) passed them as road worthy and then gave a talk on road-safety before he went. That was a good beginning, all bikes O.K. and off we went outdoors to take our tests.

Results: Mike Noon, Elwyn P. Jones, Richard Weekes, Phil Green, Keith Jones and Pat Dilly each gained the Despatch Riders Badge. The same evening, not to be outdone, eight under-fifteens gained Messenger Badges. They were Eric Knox (a game lad is this little handicapped scout), Paul Baxter, Tony Perriton, David Bluck, Brian Price, Gordon Weekes, Clive Robshaw and Les Parry.

Mr. Thomas, Llwyn Onn, examined Elwyn Parry Jones and approved the award to Elwyn of the Farmers Badge. Richard Edwards who now plays in The Welsh Youth Orchestra, naturally qualified of the Musicians Badge.

We have to record that as yet we have no naturalists, with the exception perhaps of "Uncle" whose main hobbies, we think are Botany, and the Boy Scouts. However, we go hiking with him on the Saturday afternoons when he goes in search of weeds. He is putting on record all the flowers in the Llangollen Valley, from Glydyfrdwy to Ruabon, for the National Museum of Wales, a five year job, we understand.

It goes without saying that the Boy is a big problem but a bigger problem in our movement is finding Scoutmasters. Scout-master Peter D'eath here in Llangollen has his troop well in hand, as the above account shows you, but if he is to cope successfully with all the boys in this town who want to be Scouts he will need more help in the task. There are lines in "Winnie the Pooh" which run like this:

"Where are you going? Asked Pooh,  
"Nowhere" said Christopher Robin  
So they went there.

Skipper D'eath would welcome a volunteer who would help him to keep young boys from doing just this.

It is very pleasing to hear that the Girl Guides are re-starting in Llangollen. This is excellent news and Miss May Hogg, we know, is particularly pleased at the prospect, for Miss Hogg will no longer have to cast her over-age Brownies out into the cold.

We learn that Miss Elizabeth Parry Jones is going to captain the Girl Guides. Miss Jones will have the assistance of Mrs. Gaunt and Miss Elspeth Jones. Miss Hogg and Mrs. Pete D'eath will continue with the Brownies.

Scouters and Guides come and go but one cannot imagine the Brownies without Miss Hogg any more than one can imagine the Wolf Cubs without Mrs. Douglas Jones. A.G.

OCTOBER MEETING.

At this month's meeting we celebrated our first birthday by having an American tea, and a cake beautifully iced by Mrs. Robson.

Unable to stay for tea, but, nevertheless, a most welcome guest speaker was Mr. Owen Jones, who spoke on Women's Health. He made his subject both interesting and amusing and was warmly thanked by Mrs. Duncan Robertson and Mrs. Pierce.

There was the usual business of the meeting, the voting for the County Executive committee, and the choosing of a delegate (Mrs. Jardine) for the Annual meeting at Colwyn Bay, and discussion of the agenda. Also nominations were taken for our own new committee, and tellers (Mrs. Noon, Mrs. Jardine, and Mrs. Gaunt) appointed to attend Llangollen W.I. on November 4th.

A gift arriving opportunely for our birthday was a scroll inscribed with the words of Jerusalem, and presented by Mrs. Grainger; we are most grateful to her, and now, no one will be able to say, "I don't remember the words," when we open our meetings with our song.

A vote taken about a shopping outing to Liverpool and seeing a play ended in its being decided to go on November 11th, return bus fare 7/-, the play to be "Love from Judy;" Mrs. Pierce Jones is in charge of bus bookings so let her have your names; members are asked to book their own seats for the show.

Good wishes were sent to Mrs. Barrett on the arrival of daughter.

After our very special tea, Mrs. Parry delighted us with a monologue, we heard the limericks and non-serious press reports sent in for the Eisteddfod, and then, later than usual, but all too soon the bus arrived to take us home at 9.15 p.m. W.G.

For all the world's children

We can build a peaceful and more  
prosperous world only if men and  
women everywhere are able to play a  
full part in the life of their own coun-  
try and the world. The children of  
today will have to shoulder this res-  
ponsibility tomorrow—yet **more than  
half the world's children live in squalor  
and die in want.** Poverty, hunger,  
ignorance and disease are their com-  
mon lot.

It is the task of the United Nation's  
Fund (UNICEF) to assist the nations  
in tackling these great evils; it is the  
task of the United Nations Association  
to mobilise support for that work, and  
for all the efforts of the United Nations  
to promote peace and prosperity.

UNICEF relies upon voluntary  
grants from Governments; upon money  
raised by organisations such as UNA;  
and on individual gifts. It is for  
this reason that we **hope that every  
town and village in the country will  
support this national appeal organised  
by UNA.** Four-fifths of every contri-  
bution will go to the Children's Fund  
and one-fifth to UNA. In our capac-  
ities as Honorary Presidents of UNA  
we ask you to support both these great  
causes in one generous gift.

WINSTON S. CHURCHILL  
CLEMENT ATTLEE  
VIOLET BONHAM CARTER.

## A Town's Meeting

As already reported the U.D.C. is  
convening a Town's Meeting in Sup-  
port of the above appeal on Thursday,  
28th October.

All organisations in the town have  
been invited to co-operate. In his  
letter of invitation Mr. Ellis Roberts  
writes:

"My Council feel this a good oppor-  
tunity of giving a practical form to the  
principles behind the International Eis-  
teddfod."

And so it is. We feel sure Llan-  
gollen will rally to the Children's Call.

### AN ERRONEOUS IMPRESSION.—

Supporting Miss Gwyneth Jones's appeal, at the last Council Meeting, for a good attendance tomorrow night, Mr. Dan Thomas from the chair said "I am very glad Miss Jones has raised this matter. It gives me the opportunity of supporting her plea. There is an impression in some quarters that people interested in civil defence are warmongers. It is completely erroneous, we are not warmongers, but people wishing to be good neighbours.

### FORD GRON CONCERT.—

This party generously gave their services for the Benefit of our Town Band last Wednesday, and though the audience was sparse the ticket money was satisfactory.

Mr. Dudley Richards made a masterly appeal for support from the townspeople.

The Band itself opened with a march, got an encore for the "Happy Wanderers" at the interval and closed the concert playing Star of Hope 'Appropriate' said Mr. Ellis, the hon. sec. "because hope is all we've got." However, donations are coming in and will be listed in the Tuesday Review in due course.

### Don Summers' Message

A few months ago our Prime Minister said of the present international situation, "Humanity stands at its most fateful milestone." All of us are aware of the tremendous days in which we live but one of the encouraging features at this time of uncertainty is the hunger amongst the peoples of many nations for God.

From the visit of Billy Graham last year this hunger became most apparent in our own land and many districts are beginning to see a new longing for the old fashioned Gospel message. During the last few months I have seen amazing crowds thronging Churches, Tents, Public Halls and Open Air Rallies. Many hundreds have quietly and reverently committed themselves to the claims of Jesus Christ upon their lives. Homes have been changed, lives have been transformed and Churches have been revived.

As I come to Llangollen it is with the prayer that we shall see something like this happen in your town. I believe that every Christian should back us in this tremendous hour of opportunity and I look forward to meeting you at the Town Hall.

Please don't criticize . . . come to the rallies first and then criticize afterwards!

# We visit the Old Deeside Slab Quarry Glyndyfrdwy

(continued from previous issue).

## Paul's new woggle:

We found the bones of a sheep in the quarry. Paul picked up a segment of the back bone and promptly made a smashing woggle of it. The piece of vertebrae was queerly shaped and to me it looked as if a large dirty white moth had settled on Paul's scarf. Anyway Paul was pleased with the effect and wore it home.

Then we plunged through the deep heather which grew above the top of the quarry to get to the old winding shed. Plunged was the word but since we started that way there was nothing else for it and there was much falling down on the way.

The flowers of the heather were most of them dead but this great patch of heather must have been a fine sight earlier in the year when the flowers were fresh.

From this point we could see the other Glyndyfrdwy Slate Quarry, the one which is still being worked but we hadn't the time or the inclination to go on to this.

There were two huge rusty old wheels fixed more or less in a horizontal position in the decrepit winding shed. We went inside, Paul stood on one of the wheels and poked his head through a hole in the roof. Would somebody operate the lever which controlled the ancient braking system so that we could see how it worked, he said.

A couple of people hung on to the lever which was several yards down the incline. The connecting rod heaved and groaned, did actually move in fact. I hope that everyone was satisfied with the result.

Time was getting on, we started off on our way back. The going was easier this time since it was down hill, but some evading tactics slowed us up a bit. Evading being pushed into gorse bushes, I mean. Seemed to me a rather cruel form of sport but one which also seemed to be rather popular, if somewhat unscouty and so I let it pass. It is entirely their own fault if the scouts make the going hard although I should hesitate to make them walk as if they were coming out of Church.

The species of *Ulex europaeus* (Gorse to you) are really rolled up leaves, rolled up to conserve moisture and not for the purpose of pricking Boy Scouts.

However, we arrived at Glyndyfrdwy Station with half an hour to spare. It was dark by this time and rather a boring business waiting for the train, with a choice between a dark waiting room and a platform seat. Gordon's mouth organ came out again and forth-came the same old tunes. Let us hope that Gordon will become a star performer for it is about time we had a camp fire musician in the Llangollen Scouts.

Paul, I believe, was secretly hoping that the train would not stop at Berwyn so that he could phone a kind and obliging father and get a lift home from Llan.

The train did stop there and Paul got out, then I realised that he might want his ticket. I fumbled in my pocket for it, meanwhile an impatient person at the far end of the platform was waving a lamp and shouting "Come on Sonny" to Paul. We were holding the train up, I think.

While I waited with Gordon at Llangollen until his bus came in, he suddenly said "There goes Mike," but all I could see was a red rear light going up the Abbey Road.

The bus came in, Gordon got on, we said goodbye. That's the last of 'em I thought to myself now I'll go and have a chat with Mr. Cooke.

## Pentredwr W.I.

The first of this Season's Monthly Whist Drives was held in the Schools on Friday, 29 October, there was a good attendance and everyone agreed it was a very successful evening. Very nice prizes were contributed by various members of the committee and the winners were as follows: Mrs. Eluned Evans, Mrs. Jones, Abbey Grange, Mrs. Pickett and Mrs. Eddy Evans, Mr. John Henry Thomas, Mr. D. W. Williams and Mr. D. Evans. Mr. Pickett acted as M.C. B.B.T.

# Developments Association

A.G.M.

This took place at the Constitutional Club on November 1st. Among those present were two Vice Presidents Mrs. Winzar and Miss Gwyneth Jones.

The Secretary presented his eighth Annual report as follows:—

Although the year has been a relatively quiet and unspectacular one, the Association has not been entirely dormant.

Early in the year, some committee members who do stewarding duties in the Town Hall drew attention to the need for permanently numbering the balcony seats there. We are glad to say that the Urban Council, when the matter was brought to its notice, promptly provided that useful aid to patrons and stewards alike.

Your representatives sitting, for the first time on the Publicity Association, contributed to the all-round improvement that had been effected in the new town's official guide-book.

We considered a suggestion that something might be done to mark the centenary of George Borrow's lengthy stay in our town, out of which had grown some very interesting chapters of his famous book "Wild Wales." We thought that, in view of Borrow's enthusiastic interest in the Welsh bards, a motto might appropriately have been incorporated in the Bards' Memorial projected for erection at Plas Newydd; and we offered to help financially in a joint scheme.

The Bards' Memorial Committee, however, although extremely grateful for our interest and offer of help, regretted that they could not quite accept the idea of a combined memorial. Hence, the matter fell through, and, so far, the town has neither a Borrow nor a Bards' Memorial.

Meanwhile fairly extensive work of clearance and tidying in Plas Newydd grounds was being undertaken by the Urban Council, and your committee directed its attention to the object of filling in some of the gaps with more colourful horticultural objects.

Correspondence with the Council, and conferences with Mr. Fenton

(the Surveyor) and Mr. A. C. Barber, resulted in the formulation of a planting scheme acceptable to all. Our order for the trees, shrubs and bulbs has been placed with Mr. Barber's firm, and arrangements have been made for the work to proceed in planting season.

We can therefore expect to see the gardens becoming ever more attractive year by year as the new plants establish themselves and flourish. The additional colour will be especially welcome in the Glen, where an assortment of choice rhododendrons is being introduced. In view of the unfortunate fact that this area in the past suffered much by vandalistic activities, we are glad to say that we have obtained the assurance of the Urban Council that more stringent measures will be taken against future offenders.

We have noted with pleasure and appreciation the tasteful inscribed tablet that has been placed in the Town Hall as a perpetual reminder of our gifts of the chairs and stage curtains. Our gratitude must again be expressed for the labours of our small Entertainments Committee in continuing to provide the bulk of our income; likewise to those few who help us with regular subscriptions. One valued friend has been lost to the Association by the death of the Rev. Scarlett Smith.

My personal thanks are tendered to all my fellow-officers & committee members—a happy band of enthusiasts with whom it is a pleasure to work in furtherance of the Association's objects.

Those elected to the General Executive Committee were: Miss S. Pugh Jones, Mrs. Gilbert, Messrs. D. Cuffin, Emrys Roberts, H. Grainger, R. Avery, R. Jones Griffith, E. E. Gilbert, John Clarke, G. Humphreys, Jack Roberts, Norman Edwards and A. E. Franklin. Names of two more prospective members were noted for possible co-option later.

Also noted were suggestions by Mrs. Winzar and Mr. Avery for possible future work of improvement.

The balance in-hand was £321:6:10.

Votes of thanks included the officers, members of the Entertainments Committee and Mr. T. K. Butler (Hon. Auditor). Mr. H. Grainger, Chairman, thanked all who had attended,

## U.D.C. Meeting NOV. 2.

It was a short meeting—only 20 minutes. Coun. A. D. Thomas presided. Couns. R. T. Evans and T. F. Waltho were absent.

Contracts with Davies Bros., Cross Lane were sealed (Town Hall Heating and Hermitage Roof).

The lease of fishing rights to Llangollen Angling Association was sealed.

Minutes of the previous Council meeting, and subsequent G. P. Health and Housing, and Finance Committees were adopted nem. con.

Most of the contents of these have already been reported in the Tuesday Review; but certain matters in the Health and Housing Committee were not reported. We append the minutes in detail.

### 1597. Housing Act 1949 sections 4—5.

Mr. Grainger reported that with the Clerk and Sanitary Inspector he had attended the Meeting at Denbigh on the 14th October, 1954 convened by the Ministry of Housing and Local Government and the Clerk submitted a copy of the resolution passed at that Meeting regarding the exercise of powers to make advances under the Act.

Moved by Mr. F. C. Ellis seconded by Mr. T. F. Waltho and RESOLVED

That consideration of the matter be deferred for a month so that the Members absent from the Meeting could have an opportunity of expressing their views thereon.

The Clerk reported that he had received a letter from the Llangollen Tanning Co. Ltd as to proposed alterations to property belonging to them and enquiring if the Council were in a position to state they would sympathetically consider an application for an improvement grant before incurring professional fees.

Moved by Miss Gwyneth Jones seconded by Mr. T. F. Waltho and RESOLVED

That the Llangollen Tanning Company be informed that the Council were further considering the matter and that they would be notified as soon as possible of the Council's policy regarding Improvement Grants.

### 1596. Housing Rents and Repairs Act 1954.

The Clerk's report as to the pro-

visions of the above Act, having been circulated to the Members, was considered.

Moved by Mr. T. F. Waltho seconded by Miss Gwyneth Jones and RESOLVED

That the Medical Officer and Sanitary Inspector be requested to prepare a preliminary survey of unfit houses in the district as required by Section 1 of the Act.

Moved by Mr. T. F. Waltho seconded by Mr. J. Bailey and RESOLVED

That a Sub-Committee consisting of the Chairman of the Council, and the three Chairmen of the Standing Committees with the Clerk and Sanitary Inspector be appointed to operate Part II of the Act and that such Sub-Committee be authorised to issue Certificates of disrepair on receipt of the Sanitary Inspector's Report. The quorum of the Committee to be any three Chairmen.

On behalf of the Committee the Chairman thanked the Clerk for preparing his Report on the operation of the Housing Rents and Repair Act 1954.

## Wedding

Mc.CORMAC—ROBERTS

On Wednesday morning, Nov. 3, at eleven o'clock the marriage was solemnised at Capel y Groes of Mr. Denis McCormac, son of Mr. and Mrs. H. McCormac of Portsmouth to Miss Helena (Betty) Roberts, only daughter of Mrs. Roberts and the late Mr. J. Roberts, of Clarendon, Llangollen.

The Rev. Fr. Shannon officiated and Mrs. Fletcher was at the organ.

The bride, who was given away by her brother, Mr. Trevor Roberts, looked charming in a gown of ecru lace over cream taffeta and carried a bouquet of bronze chrysanthemums.

The bridesmaid was Miss Muriel Roger, who wore a caramel silk gown with cream accessories and carried a bouquet of cream chrysanthemums.

The best man was Mr. Clive Ridyard, a friend of the bridegroom.

After the wedding, thirty guests were entertained at the Cambrian Hotel. The happy pair left later for their honeymoon in London.

They will reside at Newbury, Berks where Mr. McCormac is at present stationed with the Royal Engineers, holding the rank of sergeant.

## Darts

After such a long time on the "waiting list" the Wynnstay succeeded in obtaining their first win of the season. Their opponents, the Prince, could do very little against this determined side and were fortunate in getting away so lightly. It was only recently I mentioned the Wynnstay were due for a win any week now, but little did I think the champions would be their first victims. A "whitewash or nothing!" that was the motto of the Waterloo when they travelled up to the Apueduct on Tuesday last. They gave a grand display and were well worthy of their 8-0 win.

The Royal caught the Brit. on the wrong foot in their championship bid. Here I expected to see a keen tussle, but there was nothing spectacular in this game; although I must say the Royal were the better side. The Star gave a grand display in front of their supporters when they outplayed the Bridge End. The visiting team provided some good scoring but the superiority of the Star was conspicuous.

The Ponsonby raided the Australia and did really well to come away with two points. The Cambrian still continue on their victory march. Their latest victims this time were the Cross. How long can the leaders maintain this form? It's a real tussle between them and the Royal; just a slip for either team and the advantage is lost.

The Bull compelled the Rockman's to drop a point in their home match after some thrilling games. The Chain could do very little against the Sun who ran out winners by an odd game.

## Any Old Rags

Not strictly speaking, any old rags, but just woollen ones are really sought after.

A firm which must possess a sense of humour and of good order reminded us last week of those folk tales where crosses are marked on all the doors in all the streets, to confuse the villain of the piece of course.

Bags, not crosses, were the order of the day last Wednesday. Hung from every front door knob was a carrier bag bearing a printed request from Walsall Waste Co. to place therein any woollen rags and to extract in return the articles at the bottom of the bag. Some bags already bulged with discarded pullovers and baby garments, some still contained the packet of Persil which was Walsall's gift to the housewife, one bore a polite message "No woollens whatever."

We do not know what haul the carrier baggers got, but at least they encourage cleanliness.

Not so, some other visiting rag merchants. The Sanitary Inspector had to draw attention to undesirable trafficking at the last Council Meeting. So concious are the government of the danger to health of selling unhygienically displayed toys and balloons that it is an offence under the Public Health Act, 1936 to offer, to any child under 14, any article in exchange for rags. The penalty of £5 fine of course, attaches to the rag merchant, but the penalty of some infectious or contagious disease unfortunately attaches to the child, and parents are asked to see that their children are not allowed to accept articles from scrap collectors.

## Correct Addressing

### Use House Numbers whenever possible

Every day the Post Office handles some 28,000,000 letters and parcels. The expeditious handling and smooth dispatch of such vast traffic largely depends upon the active co-operation of the public. When the mails reach the office of delivery the sorting is based on the street and the house numbers shown in the address. The use of the name of the house without the number tends to delay arrangements and in the case of houses with similar names, may involve mis-delivery. The use of a house name without a number is a very real hindrance to the rapid disposal of postal items and the Post Office appeals to all correspondents to USE HOUSE NUMBERS WHENEVER POSSIBLE. Even when houses have been given names do not omit the number but use in addition to, or instead of the name.

For the same reason when writing to somebody living in a large block of flats, please include the flat number in the address.
