

### **Chs07253-2 CADS scrapbook 1946-1976**

This is the second scrapbook, bought in a Cardiff auction by chance early in 2018 by Mike Thomas and handed over to the History Society. The third book contains only a few items relating to CADS, and mostly consists of postcards which were already in the Cowbridge History Society archive. All three scrapbooks have subsequently been scanned for the archive, and the original books are now deposited in Glamorgan Record Office in Cardiff.

This particular album has been kept by Gwilym Punter, who took part in many of the plays along with his wife Beti. Gwilym, like his father, worked on the Cowbridge railway and was a keen railway enthusiast. Both he and Beti died some years ago. I suspect that Mrs Muriel Phillips, who owned the first album (chs07241) handed that over to Gwilym, and he continued with the collection once CADS restarted after the war.
