Dear Nelson,

I understand that there is discussion of holding the National Gymanfa in Utica in 1996. This would be great!

There is one matter I would like to put before you: the last time the National Gymanfa was held in Utica, the committee placed severe restrictions on what vendors could sell in the Welsh Marketplace (only books and recordings, if memory serves). The Utica committee planned to sell all else themselves, but actually had almost nothing for sale. As you know, the Marketplace has become a major attraction at the Gymanfa, and it would be a pity if this were not the case this time if it is held in Utica.

Regards,
Anne
